

CALIFORNIA HANDGUN ROSTER NEWS 5/2023

It has been a month since the court decision to strike down many of the limiting factors to California's approved handgun roster.

Challenges were made to the following:

Microstamping requirement

Loaded Chamber Indicator

Magazine Disconnect

The state of California chose to challenge the judges decision. In the challenge no mention of Microstamping was made so it is possible that this limitation will be waived.

However, at this point there are no fundamental changes to the restrictions imposed by the State on access to handguns.
