SoCAL GUN

Black ~~Friday~~ NOVEMBER Sale Begins 11/17

Black November Sale runs 11/17 - 11/30.

California continues to apply pressure.

Please note that beginning January 1, 2027 all gun parts will be required to be cataloged and inventoried. This means processing cost to you. If you need sights, triggers, miscellaneous springs or whatever having to do with a firearm, you need to get it taken care of before the end of the year.

Supreme court to hear assault weapons ban

Oral arguments are set for December 2, 2026 with an expected decision later in summer 2027. Viramontes v Cook County involves the ban of AR rifles. Since California has a similar ban in place the decision will likely affect California restrictions as well. Additionally, this case may have impact on magazine capacity restrictions which are also in place in California.
